

Q1 Do you have memories of the Upper Harbor Terminal site or surrounding neighborhood that would help us understand how to build a stronger connection between the site and surrounding neighborhoods?

Answered: 26 Skipped: 14

#	Responses	Date
1	I grew up in Camden area and I am super excited about this project. It should be a real asset to this area which a lot of people don't know much about.	7/21/2017 12:07 PM
2	I grew up in north Minneapolis, so I have many memories of the river. Unfortunately when I was growing up this part of the river was not accessible to people - in a safe way - because of all of the industry. Of course that is still the case between 41st Ave N and W. Broadway. We would however, sneak down to the river and play around by the Lowry bridge. It was probably not a good idea; it was probably not safe. There were other stories of atrocities that happened regarding people and the police, and that might still create a sense of the area not being safe for some people. In recent years, it seems the west side of the river has been the place of environmental degradation, and as a citizen it has been a full-time job to address the environment concerns of our community. Some successes have been made - getting rid of Organic Technologies for instance - , but there is so much more to do.	7/14/2017 1:16 PM
3	barging? Milling? Native American history? Geology?	7/13/2017 9:19 AM
4	Reduce any and all pollution from the site: years ago dust and smoke from the site were all but life threatening and now some are a little better but still a problem.	7/11/2017 4:35 PM
5	Yes, I grew up not far from it. It was so out of place for our community that we thought of it as a different world. There was no recognition by us that there was a river there or any of the amenities that should be available to a community that has a great water resource in it. It was considered a very negative element to our community. We were starting to learn about the effects of pollution and that was seen as an extremely negative thing for the good of our community.	7/4/2017 11:28 AM
6	Beautiful industrial wasteland	7/1/2017 5:04 PM
7	Fished there as a kid. Easy access to the river after riding bikes from North Minneapolis. It was beautiful and there was lots of wild life...deer, beaver, water fowl. First walleye ever caught!!!	7/1/2017 9:02 AM
8	I'd drive by and wonder what went on there.	6/30/2017 12:42 PM
9	I remember walking along the river and enjoying seeing the industrial domes and grain elevator and just enjoying the architecture.	6/30/2017 12:33 PM
10	No, as it has been mostly industrial during my 36 years of existence, I haven't had too many reasons to visit.	6/30/2017 9:51 AM
11	No	6/29/2017 11:49 PM
12	No	6/29/2017 11:34 PM
13	Only recently moved to the area	6/29/2017 11:19 PM
14	My father tells stories of fishing and rafting on the river, grew up on Aldrich	6/29/2017 10:56 PM
15	No	6/29/2017 10:52 AM
16	Only as an industrial block to the river and geographic impediment to connections between North and NE Minneapolis.	6/28/2017 10:22 AM
17	Just industrial nature of area	6/26/2017 3:42 PM
18	No	6/19/2017 8:30 PM
19	no	6/19/2017 12:24 PM
20	My memories: Smells terrible, bad roads, no commerce or recreation.	6/19/2017 11:09 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

21	no, but would love to see it more connected to the rest of the river through parks/paths/water activities, etc.	6/19/2017 9:44 AM
22	No	6/19/2017 9:20 AM
23	I used to work at West Broadway and Dupont. One of my favorite things to do in the summer was to meet people for picnic lunches at the park in front of MPRB. Even with the park there and being only a mile away, driving often would take 10-15 minutes and biking did not feel safe. With usually only a 30 minute lunch, it wasn't often feasible to take advantage of the Mississippi River park.	6/16/2017 11:14 AM
24	no	6/15/2017 5:57 PM
25	Just as something near a greenway drive (via Camden Bridge and that area). A nice, peaceful green area in the city.	6/15/2017 4:21 PM
26	I've lived in Camden since 1969 and Upper Harbor was always an off-limits place. It always felt "we the people" weren't allowed to go near the river ~ and I've always hated that. Adding I-94 separated it more, it became the industrial zone. Having more buses on Dowling & Lowry that go to Second St and a bike & pedestrian path with a NON-MOTORIZED bridge over the freeway somewhere in the middle (34th - 36th) would help make feel like part of the neighborhood.	6/15/2017 9:32 AM

Q2 Are there important / defining moments in the history of the site that you would like to be recognized?

Answered: 24 Skipped: 16

#	Responses	Date
1	Site of the northside Goodwill store.	7/21/2017 12:07 PM
2	prior to industry arriving - farms, neighborhoods, native American gathering place	7/15/2017 8:48 AM
3	I think it would be nice to have some historical displays/markers that give information about this part of the river. I would hope they would go back to a pre-white era and represent the changes that have happened over time, including the logging industry, the changes to river travel, and industrial changes. The closing of the upper Mississippi locks was an important act in protecting the river. I don't know much about the indigenous history, but I think it would be important to have this represented.	7/14/2017 1:16 PM
4	The evolution of the river from a backdoor and sewer for the cities along its meander into a National Park and a jewel	7/13/2017 9:19 AM
5	when the coal storage went away it did away with one source of dust and smoke pollution.	7/11/2017 4:35 PM
6	Originally it was the site of many lumber mills. In fact it was the largest lumber milling district in the world for about 30 years. That came naturally because of its location on the Mississippi River and the ease of floating logs down the river from the northern forests. Many of the original residents of Camden worked in jobs connected to the lumber industry. But then the city started putting a much of the extremely negative industry there. Southsiders still say that all of the industry that no one wants to live by should be put in Camden, and that was the attitude of the city in placing all the industries with negative consequences on the Northside. The placing of Highway 94 to cut off the river area from the community was much like the split of the Rhondo community in St. Paul. It created even more separation of our one great body of water from the community. The development of Upper Mississippi Regional Park nearby was a great positive influence on trying to reconnect the river to the community. And the decision to spend the extra money on building a beautiful new Lowry bridge was an indication that there is interest in upgrading the area and improving the community.	7/4/2017 11:28 AM
7	The end of polluting our water for industrial uses.	7/1/2017 5:04 PM
8	Private use of space to produce an organic product.	7/1/2017 9:02 AM
9	Just would like to see the architecture along the river preserved as much as possible while integrating the development.	6/30/2017 12:33 PM
10	A nod to the barge industry and how transportation along the Mississippi River has played a large role in the development of Minneapolis. Maybe have part of an old barge fixed up as a playground?	6/30/2017 9:51 AM

11	No	6/29/2017 11:49 PM
12	No	6/29/2017 11:34 PM
13	There must be away to tie both indigenous and later site characteristics and history to the site	6/29/2017 11:19 PM
14	Not that I'm aware of	6/29/2017 10:52 AM
15	no comment	6/28/2017 10:22 AM
16	Would like pre-industrial	6/26/2017 3:42 PM
17	No	6/19/2017 8:30 PM
18	no	6/19/2017 12:24 PM
19	No, tear it down	6/19/2017 11:09 AM
20	No, but it would be cool if history of the location is celebrated in new efforts.	6/19/2017 9:20 AM
21	I love the industrial features on the site. It would be interesting to bring back some of the agricultural history as well.	6/16/2017 11:14 AM
22	NA	6/15/2017 5:57 PM
23	Talk to Don Risk and other elders who may not be online. Do your homework the old-fashioned way, not just online and via evening meetings. Too many community elders cannot get out to meetings/drive at night, and may not be online much.	6/15/2017 4:21 PM
24	Remember it's old port ~ build a playground set built like a barge. Maybe another with a "Dakota village" and have that be Dakota designed.	6/15/2017 9:32 AM

Q3 The site and riverfront has a history of supporting production and ingenuity for the last 100 years. How would you envision production and ingenuity being celebrated in the future development of the site?

Answered: 27 Skipped: 13

#	Responses	Date
1	Intigrate the current site's mushroom farm and views of the heron rookery.	7/21/2017 12:07 PM
2	Look to the future to celebrate the river, neighborhoods, market rate housing to bring in tax dollars, river activities like a marina with boat and kayak type rentals, clean businesses, restaurants both high end and healthy quick options like a Panera type, small local businesse along with an anchor living wage providing employer	7/15/2017 8:48 AM
3	I think the most important thing to do with this area is to protect the river environment and return as much of the river to a wild state as possible. I hope it does not become the location of high priced housing for a few, but rather a beautiful riverfront that is accessible to all people. I envision wild riverfront areas, more biking and walking paths that connect up with the paths south of Broadway, some other recreational uses as appropriate for the environment, and a concerted effort to protect the Mississippi wildlife byway.	7/14/2017 1:16 PM
4	I am too new to the area to comment on this.	7/11/2017 4:35 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

5	<p>There should be some recognition in the redevelopment of the historic site of the original lumber industry, just as has been done with the flour milling district. It is nice to keep a memory alive of the greatness of the area in the 1800s. However, it is absolutely time to turn this area into a new type of use of this entire area near the river. We need to end the era of industry for the area, ause which should have ended decades ago. We need planners that have the insight and ability to understand the proper use of this site for the future hundred years. I have visited the amazing changes that have been done by the city of Buffalo to change what was probably the most polluted waterfront in the country.. I met with the head of their revitalization efforts. The transformation is incredible. They understand that the future is totally different from the past and they realize the great things that can be done with a waterfront. I've also seen the great changes that were done with the waterfront in Racine and talked to their planner. I also talked to the team that is working on the revitalization of the waterfront in Milwaukee, where they are just starting to make the complete changes in uses. We need planners that understand that a great waterfront of the future will have no industry but will have great parkland and open spaces combined with amenities that serve people who are using the hopefully attractive area. It is probable that housing would fit the new area as it will provide foot traffic and eyes on the area which will help lessen any crime. There may also be a place for certain kinds of commercial areas which serve people in ways that bring in foot traffic such as lawyers, accountants, medical providers, etc.</p>	7/4/2017 11:28 AM
6	<p>Not through trite representations and banal monuments -- have it be a *working* waterfront, with actual jobs (green jobs, most likely) -- not more gentrified luxury strips for the wealthy. Connect it into the adjacent neighborhoods, open it to them, and bring the jobs and access to environmental amenities to all.</p>	7/2/2017 1:23 AM
7	<p>Reclaim the health of the river, plaque of former industrial uses and prior technological use of water</p>	7/1/2017 5:04 PM
8	<p>Mississippi Mushrooms...the most ingenuous use of space!</p>	7/1/2017 9:02 AM
9	<p>Something like the small sculptures around the Mpls. Fed. I think they were done by Aldo Moroni.</p>	6/30/2017 12:42 PM
10	<p>Having some spaces dedicated to start up small business manufacturing and development. Design studios.</p>	6/30/2017 12:33 PM
11	<p>Create space for entrepreneurs of all types-tech, medical, industrial, chemical, etc. Convert an old building and allow space to be rented by individuals looking to innovate/start new enterprises.</p>	6/30/2017 9:51 AM
12	<p>Music</p>	6/29/2017 11:49 PM
13	<p>Lots of "make spaces" for people to do art, music, sculpture, electronics, etc.</p>	6/29/2017 11:34 PM
14	<p>Historical representations/plaques/displays</p>	6/29/2017 11:19 PM
15	<p>Show the history of the recycling processes, and promote city/county residential and business recycling. Use recycled products in construction, i.e. park benches.</p>	6/29/2017 10:56 PM
16	<p>Industrial-themed public art, pedestrian-oriented travel channels.</p>	6/29/2017 4:12 PM
17	<p>A history center incorporated into a picnic pavillion/bathroom building would be cool. Like an industrial nature center.</p>	6/29/2017 10:52 AM
18	<p>no comment</p>	6/28/2017 10:22 AM
19	<p>use, integrate concrete domes into project. Use lighting(led) to illuminate at night, maybe project visual art onto structures.</p>	6/26/2017 3:42 PM
20	<p>I wouldn't. I'd celebrate the importance of the river and water and the harmonious coexistence of an urban center and the river.</p>	6/19/2017 8:30 PM
21	<p>not</p>	6/19/2017 12:24 PM
22	<p>Similar to Mill Ruins, much of the older development of the site is likely large, concrete and steel and difficult to remove. Celebrate the architecture of the site in the new design.</p>	6/19/2017 11:09 AM
23	<p>interactive museum for children</p>	6/19/2017 9:44 AM
24	<p>Art installations, informational boards/signs with significant events/people/culture of the area.</p>	6/19/2017 9:20 AM
25	<p>business incubator business park with spaces for small & start-up business, industrial assembly retail warehouse (amazonetc.)</p>	6/15/2017 5:57 PM

26	Would have left it doing what it did.	6/15/2017 4:21 PM
27	If you could get an artisanal bakery, with windows into the kitchen information on milling history, that would be cool (and smell amazing). Actually, the same goes for a craft brewer (honoring grain belt). Maybe a skate park to honor the	6/15/2017 9:32 AM

Q4 What are existing destinations in the area that you feel are already successful? What makes them successful? Could they be improved?

Answered: 24 Skipped: 16

#	Responses	Date
1	Camden Park/Library Development, Greek Restaurant in "downtown" Camden, North Mississippi Park	7/21/2017 12:07 PM
2	The Broadway Ave and the surrounding North Minneapolis neighborhoods. Better links to public transport to and thru the park.	7/17/2017 8:04 AM
3	Victory 44, Webber Pool, Northeast Breweries	7/15/2017 5:49 PM
4	parks along trails are successful where people can picnic. Entertainment like the river rats is successful, Northeast has a number of scratch restaurants that are successful, good food brings people in as well as entertainment,	7/15/2017 8:48 AM
5	Upper Mississippi Regional Park! The biggest factors making this area of the river successful is nature and the access that people have to the river via bike and walking paths. I personally use the paths multiple times a week; mostly for biking. When my children were little we would go to the playground, interpretive center, wading pool and picnic grounds near 49th Ave. This park is very popular for all of these amenities, and people like to come to this park for the amenities, especially because they feel like they are in a wild area outside of a city environment. Children can see and learn about wildlife, plants and more. It is not unusual to see Eagles and other wildlife.	7/14/2017 1:16 PM
6	The Upper Mississippi Regional Park and the attached Webber Park are important destinations which draw people to the area. However, they need more parking and signs along the highway. They also need more publicity.. NMRP needs more planning on things that could be changed to make walking in the hidden areas more safe. NMRP is a great area for "getting away from the hustle and bustle" of the city. However, the new "natural" pool at Webber probably does not need more users, at least on some days.	7/4/2017 11:28 AM
7	Heron rookery up river, travel by boat/kayak/canoe	7/1/2017 5:04 PM
8	Mississippi Mushrooms is the most amazing place. The building itself was really built to be a solid part of the community. It is big enough to house other organic production. Possible year round farmers market...covered and heated? Hydroponic Farm? Food Trucks? Restaurants? Entertainment?	7/1/2017 9:02 AM
9	The park further North was a destination for me before it was developed and afterward.	6/30/2017 12:42 PM
10	Most seem to be on the other side of the river now. More access by boat would be a benefit.	6/30/2017 12:33 PM
11	Breweries are an easy answer, but that's kind of lame. Webber pool to the north is becoming a destination because it provides recreation unavailable in the area. Mill City to the south is a hub because of the mixed-use development. Safe and efficient transit is an absolute must and should always be considered during planning stages.	6/30/2017 9:51 AM
12	Something that involves the individual on different levels. Perhaps a boardwalk with historical plaques, a music venue, a sports area	6/29/2017 11:19 PM
13	Psycho Suzies! We need more dining establishments with a view of the river, with boat access.	6/29/2017 10:56 PM
14	I like the N. Miss Regional park: bike paths, wading pool, picnic area & Boom Island: biking/walking trails, riverfront space. Both have paddle share/bike share locations. I love the idea of a climbing wall, playground, zipline. A stage on the water would be terrific. Very exciting space for a park - yay Mpls!!	6/29/2017 10:52 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

15	Lake Calhoun boat launch restaurant - connection to trails, lakes, pedestrian/bicycle recreation. Better public transit connections would improve access.	6/28/2017 10:22 AM
16	Theo Wirth Park, Victory Memorial Parkway. Nature, bike trails, live music (on the parkway).	6/19/2017 8:30 PM
17	there are none, you need to drive a long ways to get to a decent restraurant.	6/19/2017 12:24 PM
18	There is nothing in this area. We need something so we don't have to go to NE for everything.	6/19/2017 11:09 AM
19	not familiar with surrounding area but restaurants, parks, and water are always a good combo	6/19/2017 9:44 AM
20	Grand rounds bike path - this should be connected for bikes to existing pathways!! People like to explore the city!	6/19/2017 9:20 AM
21	Banana Blossom, Avenue Eatery, Breaking Bread, Cookie Cart, Lowry Cafe, Milda's, Venture North, West Broadway Farmers Market, Capri Theater, Camden Farmers Market. These are quality businesses with excellent products and great entertainment. I don't have specific ideas of how they could be improved.	6/16/2017 11:14 AM
22	Mississippi park	6/15/2017 5:57 PM
23	Better access to the river. Better access to passive green space. Safer than that one boat landing area -- so overgrown it seem dangerous and I would not go there again.	6/15/2017 4:21 PM
24	Lake Harriet Bandshell ~ I'd love to see one of those domes turned into a stage. The entertainment is free and you can sit by a pretty lake. The parking stinks.	6/15/2017 9:32 AM

Q5 How do you get to these destinations? Or how do you feel they are accessed by most people?

Answered: 28 Skipped: 12

#	Responses	Date
1	Easy access off 94 (once the road work is done).	7/21/2017 12:07 PM
2	There should be a ped mall/bike area that links the neighborhood to the river and slows traffic. Cars should be included but the mall should be European style so it drastically slows car traffic. It should allow for housing, food, grocery stores and other neighborhood defined resources for the community.	7/17/2017 8:04 AM
3	Walk or Bike	7/15/2017 5:49 PM
4	walk, bike, drive - Trails to these destinations from the neighborhoods are essentail. However, need pblic transportation and the ability to drive in. This new development should draw people from all over to come and spend their money and enjoy the Northside	7/15/2017 8:48 AM
5	I usually bike or walk, but I notice that many people drive to North Mississippi Regional Park. It is a destination area, because it is so nice and so wild.	7/14/2017 1:16 PM
6	auto, bike, walk	7/13/2017 9:19 AM
7	The riverfront needs easier access from the Northside area between Lowry and Dowling.	7/11/2017 4:35 PM
8	Sometimes I bike and sometimes I drive. Most people drive to get there except for those who live very close.	7/4/2017 11:28 AM
9	Once, when I went on a boat ride with someone that lived on the river and had a boat. Most people will drive their car.	7/1/2017 5:04 PM
10	Car	7/1/2017 9:02 AM
11	I now have to drive and do it seldom having moved from NE to White Bear Lake. I used to drive or bike.	6/30/2017 12:42 PM
12	Most now are by car, walking, or bicycle. I think opening up lock and improving boat access would be great.	6/30/2017 12:33 PM
13	I drive once I'm that "far" north, but coming from S. Mpls, I'd have to transfer at least twice to get to that area. N. Mpls has long been underserved with connections to other parts of the city.	6/30/2017 9:51 AM
14	Mostly by car and transit. Should be accessible by bike and on foot, to some degree.	6/29/2017 11:19 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

15	Car, bike, boat.	6/29/2017 10:56 PM
16	Bike	6/29/2017 7:05 PM
17	Walking/biking.	6/29/2017 4:12 PM
18	Bike car, we live off Dowling & Penn and Dowling is not great for biking, so most likely car. I'm not aware of a bus running down Dowling, that would be a nice option too. Also bike share (although stations are lacking in NOMI)	6/29/2017 10:52 AM
19	Lake Calhoun is a biking destination on a long ride, but I also frequently drive to the park to walk and dine there and in the neighborhood.	6/28/2017 10:22 AM
20	bike or vehicle	6/26/2017 3:42 PM
21	Bicycle, scooter	6/19/2017 8:30 PM
22	drive	6/19/2017 12:24 PM
23	Bike and car. Minneapolis public transit sucks.	6/19/2017 11:09 AM
24	By bike, by public transit. Most people drive.	6/19/2017 9:20 AM
25	Car, bike, or bus. I think people use all modes of transportation to get to these destinations.	6/16/2017 11:14 AM
26	drive. but needs bus routes to serve North Mnneapolis	6/15/2017 5:57 PM
27	I use a car. Most people use a car to access this area. Needs to be accessible to all ages and abilities, including elders who need to use cars.	6/15/2017 4:21 PM
28	I drive (yes, I'm one of them) and if I can't park I leave ~ a parking ramp that's cheap, between the freeway & Washington (leaving the riverfront open for parks, retail & entertainment) will help bring suburbanites. When Metro Transit is simple, I'll also use that ~ like, if it goes within a block or two of my destination.	6/15/2017 9:32 AM

Q6 What scale or size of music/performance venue do you envision?

Answered: 34 Skipped: 6

#	Responses	Date
1	I'd stay on the small side. We already have so many outdoor music options, though admittedly not on the North side.	7/21/2017 12:15 PM
2	I think a permanent stage is best. When people notice it even when no show is going on they are more likely to look into what events happen there. It would be best if it could be accessible for free/cheap concerts as well as paid concerts.	7/15/2017 5:53 PM
3	All of the above - We do need permanent stages with open fields to draw people not only to the river but to the hopefully restaurants that will be there - to support the businesses. We need all types of music to draw all types of people and different age groups	7/15/2017 8:53 AM
4	I hope that any musical venue development would be scaled to aesthetically contribute to the natural riverfront, and not overwhelm it. That goes for any of the developments that would occur in this place. I think the first two pictures represent a smaller venue idea, but because they are in the midst of cement and urban backgrounds they do not fit. Small, but natural would be ideal - somewhat like the setting on Nicollet Island. The third image is best, but a bit too developed outside of the music venue area. The final picture, with the huge metallic sculptures is atrocious!	7/14/2017 1:30 PM
5	Large scale amphitheater Love the idea of the Minnesota Orchestra performing there.	7/13/2017 9:22 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

6	We need a performance space that would serve 1 or 2 thousand people regularly. It would be good to have a site like Lake Harriet where there are performances every night during good weather. The idea to have concerts of 10,000 would be nice but I don't think the permanent seating should be that large because that would probably limit the use of the site for other activities, and there would probably not be enough large concerts to justify the loss of so much space that could be used for other activities. However, if it is built as a structure rather than just built up earth, there could be amenity businesses housed under the seating. There may be a way where the seating area (if the seats were removable) wouldn't use up too much space that could be used for other activities and could be used some way in winter for sledding. etc If we could get regular crowds of 10,000 and it could be places in an area that would not interfere with maximum use of the area it would be okay. However, if there are charges it might greatly cut into the number of Northsiders who could use it regularly.	7/4/2017 12:38 PM
7	All of hte above	7/2/2017 1:23 AM
8	Large amphitheater with hillside of terraced seating	7/1/2017 5:06 PM
9	We have Target Center, Target Field, US Bank Stadium, TCF Statium, Saints Stadium for the big music venues. We do not need another. We need something that would be affordable for the folks living in North Minneapolis not expensive things that only those living in the suburbs can afford. Think ALIVE ON THE DRIVE mentality not blockbuster. Think HARRIETT BAND SHELL. Think ROCK THE GARDEN. More small events with variety. Green space, small restaurants. Locally grown produce, healthy choices. Mississippi Regional park could have a southern annex...and this could be the space.	7/1/2017 9:14 AM
10	I would hate to exclude impromptu performances by solo musicians, but I think permanent stages get a lot of use and can be beautiful.	6/30/2017 12:45 PM
11	I think to make this a destination space people need to be able to see the acts and have a large space with permanent hillside seating and accommodations for electrical and sound requirements for larger acts.	6/30/2017 12:37 PM
12	A permanent stage with open fields might provide the best bang for the buck as more than just music can utilize the space (state of the city speech, private events) while still maximizing the available green space.	6/30/2017 10:03 AM
13	Permanent stages with fields for gathering. It would be nice to have music, theater, etc. going on simultaneously. I think an amphitheater would be too loud for the surrounding neighborhoods (this isn't the Gorge).	6/29/2017 11:39 PM
14	While all could be envisioned, I think the amphitheatre idea would require some major industry input to be successful.	6/29/2017 11:23 PM
15	Mid to large. Permanent stage with open fields and/or amphitheater with terraced seating	6/29/2017 10:59 PM
16	Huge!	6/29/2017 5:05 PM
17	As big as practicable.	6/29/2017 4:14 PM
18	The space could allow for a pretty large scale, but I would like to see a variety of uses available (picnic/playground) I would envision a scale similar to the Harriett bandshell. Permanent stage with moderate open field space - amphitheater would be great, or an permanent over water stage. Build it, we will come.	6/29/2017 10:57 AM
19	I would love to see something as large as Millennium Park in Chicago as pictured.	6/28/2017 10:31 AM
20	A large for profit venue for large events and also a small stage/venue for the community use. Area, space is large enough for multiple venue spaces.	6/26/2017 3:46 PM
21	Large scale music on the river could be great. I'd be on board with an amphitheater similar to the one at Millenium Park in Chicago. Popular bands, orchestra, whatever. I was was pleased when Hall's Island opened up to music, but that is basically a hay field. Having nice facilities, would definitely motivate me to see more music.	6/19/2017 8:37 PM
22	All kinds, versatile	6/19/2017 3:10 PM
23	Similar to Lake Harriet band shell, but with more structured seating like the venue in millennium park (Chicago). Can be big, but doesn't have to be	6/19/2017 3:03 PM
24	Uses a medium elevated stage that can be used for performances	6/19/2017 2:57 PM
25	Live salsa or zouk	6/19/2017 2:48 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

26	Pavilion style	6/19/2017 2:42 PM
27	•Amphitheaters with permanent hillside or terraced seating, and •Impromptu performances by solo musicians. Music as the main attraction, will support other establishments. See, Saint Anthony Main.	6/19/2017 12:32 PM
28	Mid-size, outdoor, room for food trucks and human parking.	6/19/2017 11:14 AM
29	Love the idea of an amphitheater that could serve multiple purposes - music, plays, speakers, and other performances etc.	6/19/2017 9:49 AM
30	The third image! large, but not too large. I'm open to any of the options though.	6/19/2017 9:21 AM
31	Potentially several sizes. Flexible spaces to accommodate various size events. I like the two pictures on the right for larger performances.	6/16/2017 11:18 AM
32	Given that music venues do not provide long term or good paying jobs this is not a place for a music venue seasonal minimum wage jobs is not what North Minneapolis needs	6/15/2017 6:00 PM
33	None. Don't build such a thing. Don't need it. It will just compete with existing locations. This is ridiculous. Dumbest idea I've heard in the more than two decades of living in Minneapolis. We will be competing with not only private venues but public venues -- Target, Xcel, convention center, Orchestra Hall, Northrup, Ordway, your new overbaked Water Works Park, potentially same overkill at other areas along Central Riverfront, Boom Island, Scherer, Sheridan, Ole Olson, etc. etc. etc. At some point we will be oversaturated -- already are, according to some event bookers. Also, what will you do about noise control? This needs to be a primary consideration. People live within the area and across the river. What proof/analysis have you done that the noise won't carry? What is wrong with smaller-scale venue, or better yet -- none at all and a focus on nature? We have no access to river in most of northeast Minneapolis. I would like to drive across Camden Bridge and be able to enjoy some non-industrial site, not overly programming like this debacle appears to be headed to be. Hideous decision you have made. At most, I could accept no major infrastructure but programming for small-scale acoustic music only. Something all ages could enjoy and access. Not the crap First Avenue brought to Scherer. And no alcohol or food trucks. If you want some concessions, to it like the place at Minnehaha, not some diesel-fumed meat-centric, environmentally ignorant offering from a truck.	6/15/2017 4:35 PM
34	Both an amphitheater with park benches ~ on the scale of the Lake Harriet bandshell and buskers for everyday.	6/15/2017 10:49 AM

Q7 How often would you visit UHT to hear/see a live performance?

Answered: 35 Skipped: 5

#	Responses	Date
1	Couple times per month provided there is ample parking. I don't want another destination that requires me to ride my bike or take public transit. The City is going a little too far in that direction in my opinion.	7/21/2017 12:15 PM
2	Once a month	7/15/2017 5:53 PM
3	Whenever there is a performance	7/15/2017 8:53 AM
4	I live very close to this area, so it is likely that I would go often - that is if this gets done in my lifetime. :)	7/14/2017 1:30 PM
5	If possible often.	7/13/2017 9:22 AM
6	Depends on the performance.	7/11/2017 4:37 PM
7	If the performers were attractive I would go 2 or 3 times a week. One summer I was in DC for several weeks and went to free concerts at the former Watergate most nights.	7/4/2017 12:38 PM
8	Often	7/2/2017 1:23 AM
9	Depends on act and access to tickets	7/1/2017 5:06 PM
10	Depends on the price...FREE would be the best. It is close to our house so we could attend often, but we are also retired and on a limited budget.	7/1/2017 9:14 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

11	Maybe once a year. It's a bit of a drive, but I do love being near the river. I can see gathering there with friends if there was nearby bus transportation.	6/30/2017 12:45 PM
12	I would visit every time there was an act that I was interested in.	6/30/2017 12:37 PM
13	Twice a year? I'm 36 and have grown tired of loud music, crowds, and expensive food/drink items found at most venues. I'm not really your ideal demographic...	6/30/2017 10:03 AM
14	It would depend on the music, cost, etc. if it is something affordable by the inhabitants of the surrounding neighborhoods it could be a great venue.	6/29/2017 11:39 PM
15	Possibly weekly	6/29/2017 11:23 PM
16	weekly or monthly	6/29/2017 10:59 PM
17	Frequently	6/29/2017 5:05 PM
18	Depends on the performers, but all else equal I would visit it more often than existing music venues.	6/29/2017 4:14 PM
19	It would depend on the musician, we would utilize UHT at least monthly, probably a couple times a year for performance. UHT and Webber would likely be our top 2 park spaces once complete.	6/29/2017 10:57 AM
20	It would depend on the musical offering but if the bicycle connections to my neighborhood to the west and securing my bike were simple and clearly defined, I would attend often. However, if I had to deal with parking (because natural connections to the neighborhood were not established) I would be less likely to attend.	6/28/2017 10:31 AM
21	12 or more times a season.	6/26/2017 3:46 PM
22	For local/regional smaller shows, I'd probably go monthly at least during the warm months. Higher priced national bands, maybe a couple times/year.	6/19/2017 8:37 PM
23	Much as possible	6/19/2017 3:10 PM
24	3-4 times a year if good venue with interesting performances, not too pricey	6/19/2017 3:03 PM
25	At least twice a month	6/19/2017 2:57 PM
26	Weekly if you played salsa - there is a big salsa culture in Minneapolis - would be well attended!	6/19/2017 2:48 PM
27	Weekly	6/19/2017 2:42 PM
28	every week or more	6/19/2017 12:32 PM
29	All! The! Freaking! Time! There are no venues up here!	6/19/2017 11:14 AM
30	1 - 2 times a month	6/19/2017 9:49 AM
31	Probably not very often, I am not a big music person. I do like outdoor events though, so free live music outside on a given schedule might be something I'm interested in.	6/19/2017 9:21 AM
32	A few times a year.	6/16/2017 11:18 AM
33	never	6/15/2017 6:00 PM
34	Never, unless you really scale this down to 99 percent green space with just sporadic, pop-up informal music.	6/15/2017 4:35 PM
35	Depends on who's playing. If I can ride a bike and have plenty of room to lock it (maybe the bottom level of a parking ramp - or better, the top level of an underground ramp) or I can park my car for a buck or two and the music is free, I could see going every week.	6/15/2017 10:49 AM

Q8 How could you see using the space devoted to a music venue on days when shows are not scheduled?

Answered: 31 Skipped: 9

#	Responses	Date
1	Yoga, exercise classes, dog park devoted to small dogs	7/21/2017 12:15 PM
2	Space for schools or businesses to rent or open space for relaxation.	7/15/2017 5:53 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

3	Local small vendors like an art fair, various youth organization gatherings, historical tours of the area, farmers market during the mornings in the summer	7/15/2017 8:53 AM
4	Personally, I'm not looking forward to a flashy, high use area along the river. I would hope that the area would remain park like, and not built up with homes, large restaurants or other commercial venues. We are in need of some sports amenities in north Minneapolis. I would like to see some multipurpose sports fields. We do not have a decent soccer field for children/youth in north Minneapolis. In the winter it would be nice to have a beautiful outdoor (possibly refrigerated) skating venue, that could be used for hockey tournaments and recreational skating. Something smaller than the Roseville Oval, but large enough for multiple uses. Wouldn't it be nice to go skating with the beautiful and wild Mississippi as your view? I think that the same area could possibly be used for skating in the winter and field sports during the rest of the year.	7/14/2017 1:30 PM
5	Lease it to any and all Political or other events.	7/11/2017 4:37 PM
6	If it is built up as the U of M Memorial Stadium was done there could be many activities under the seating.or amenity businesses could be housed there. It could also be used for commercial activities or possibly housing.	7/4/2017 12:38 PM
7	Movie theatre - "drive in" without the cars	7/1/2017 5:06 PM
8	Classes, workshops, meetups. Craft Fairs. We do not need big venues. Mississippi Mushrooms should be the center piece of the project.	7/1/2017 9:14 AM
9	kite flying!	6/30/2017 12:45 PM
10	Summer theater is one way.	6/30/2017 12:37 PM
11	As mentioned above, the city could use it to kick off events, corporations could rent it out for staff parties/events, and programming for city youth during the summer could be centered out of there with a focus on arts and entertainment.	6/30/2017 10:03 AM
12	Food festivals, pop up events, gathering, job fairs, cultural fairs....so many options.	6/29/2017 11:39 PM
13	Local theatre groups, etc. A scheduled rotation such as at Lake Harriet	6/29/2017 11:23 PM
14	Theater groups! Shakespeare in the park, high school groups, choirs, etc	6/29/2017 10:59 PM
15	Classes, picnicking	6/29/2017 5:05 PM
16	Park land, a la Millennium Park in Chicago.	6/29/2017 4:14 PM
17	Movies in the park, picnics, city day camp options, possibly as a rentable venue for parties/weddings	6/29/2017 10:57 AM
18	If there were sufficient daily visitors to the area with office and residential offerings, the "lawn" of the amphitheater could be useful as flexible picnic area, or maybe a Frisbee golf course, soccer field(?)	6/28/2017 10:31 AM
19	Movies, live theater,	6/26/2017 3:46 PM
20	Assuming open green space, picnics, frisbee, private rentals.	6/19/2017 8:37 PM
21	I can see it giving people something to do. Interaction with the community, they should put a play area for children	6/19/2017 3:10 PM
22	If there was a big lawn - picnics, Frisbee etc. It has to be a park when there's no music	6/19/2017 3:03 PM
23	Let schools and parks use for practices (rehearsals)	6/19/2017 2:57 PM
24	Impromptu dance party, dance practices	6/19/2017 2:48 PM
25	Community performances	6/19/2017 2:42 PM
26	- A great outdoor classroom space for local schools. - A beautiful park, open along the river. If the concert space is designed correctly, when not in use it is simply sculpture. We need this. We need LARGE open space and greenery in the north side. Our northside parks are too small which leads to danger and garbage.	6/19/2017 11:14 AM
27	Area could be a great place to picnic with tables, grills, etc. and a take-out restaurant. If flat space is provided could be a wonderful space for yoga and other professional led classes. Square tables that could serve as game tables would also be great - cards, checkers, mahjong, etc.	6/19/2017 9:49 AM

28	Outdoor classroom, movies in the park, community theater, etc.	6/16/2017 11:18 AM
29	no idea	6/15/2017 6:00 PM
30	See above. You have to first deal with the acoustics. How will ensure us it will not carry all over northeast? What about something completely different like access to kayaks? Kayaking for novices. Or small excursion boats that for pay would take people out on the river who do not feel comfortable going out on their own on the river due to currents? How about a river/water experience for city people who don't get down to south Mpls? Make us feel a connection to the river. A music venue does not, and no doubt will be unaffordable to most of the people who live closest to this thing. What will the impact on wildlife be when you build this? Wildlife needs to be protected. This is shaping up to be a huge mistake that we'll all regret in about five years. It should be about greenery, wildlife, the river -- not money, money, money for a concert promoter!!!!	6/15/2017 4:35 PM
31	Allow schools to put on shows. Photographers shooting graduation pictures. Yoga classes. Have lots of benches in front for people to just chill. If there is a row of restaurants selling take-out food ~ people will sit by the stage to eat. Have a movie screen and expand the Movies in the Park to include the waterfront.	6/15/2017 10:49 AM

Q9 What types of water access do you envision and for what uses?

Answered: 37 Skipped: 3

#	Responses	Date
1	kayak and canoe access, scopes and info for bird watching from shore	7/21/2017 12:19 PM
2	Space for relaxation along with the ability to go onto the water.	7/15/2017 5:55 PM
3	A combination - need walking, biking trails but also areas that accommodate larger groups to bring people to the river. There should be a boundary of a natural edge to preserve the river banks. Any development should be set back - not a concrete edge. Housing should be along the river and any major businesses set further back - People will pay money and higher taxes to be living on the river. It is important to bring money into North. Restaurants and water businesses (like a marina) are the only smaller businesses that should be on the river - from the river - green space, trails, homes and restaurant type businesses and then any larger employer behind those	7/15/2017 9:02 AM
4	I think shared use pathways for recreation (walking, bicycling, roller blading, etc.) and a naturalized river edge are the best options. I do think this is a large enough area to accommodate some other uses as well, and I have mentioned those in previous questions. I think protecting the river environment and returning the riverfront to a more accessible and wild environment is important.	7/14/2017 1:37 PM
5	I;d like access in a natural environment to protect the health of the river. Keep back erosion naturally.	7/13/2017 9:26 AM
6	Waterfront access in a mainly natural environment	7/11/2017 4:44 PM
7	I think this is not the area where the waterfront should be all or mostly "back to nature" with marshes, sloughs, reeds, etc. That is more fitting for UMRP which is nearby and is overall quite "back to nature". There should be access for "linear" (biking, walking etc) near the waterfront. There needs to be large areas where large groups can gather near the river. There should also be areas where people can come up along the river with small boats, canoes etc and access the park area. It is important to have most of the area available to hold large events and festivals. The riverfront park in Portland is an example of how a city can have festivals going on almost every week that attracts various types of crowds. There are other cities that have similar areas. As I recall that is in the future for Buffalo's waterfront. The trails through woody areas is more appropriate for NMRP. Millennial Park in Chicago is an example of many good uses.	7/4/2017 1:04 PM
8	All of the above. Variety and multifunctionality is more important than any particular use.	7/2/2017 1:26 AM
9	Paths for bike riding, walking and running. Continue the riverfront paths. I would like to see good fish habitat and fishing piers. This is a healthy way for men to engage in nature and the river.	7/1/2017 5:11 PM
10	Waterfront access in a mainly natural environment.	7/1/2017 9:20 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

11	I think we might be able to support a second rowing club location. I'd like to see waterfront access in a casual environment. I always prefer a natural environment, but I don't think this is the place for it. I'd go along the neglected trails near St. Anthony Main for a little of that.	6/30/2017 12:56 PM
12	I think there should be water access for kayaking, canoeing, paddleboarding, as well as a marina docking space to accommodate power boats.	6/30/2017 12:41 PM
13	All of the above. Perhaps the scope of this project will not be able to achieve each of these scenarios, but a wider plan for the city should incorporate each of these options. Whats the water quality in the area? Could it be used for recreation or are built environments that use the river as a design feature better suited? From the little I know of the area, I would like to see a more casual environment that invites people to the rivers edge to gather and even some recreation.	6/30/2017 10:10 AM
14	A small harbor, with space for boats would be amazing. North and NE have less access to lakes and water access than south Minneapolis does. Access to water is something that I feel defines Minnesota, and providing that access would be very valuable for the neighborhoods surrounding this new park.	6/30/2017 12:00 AM
15	I like the urban edge gathering idea. I think it's important to have places for people to gather. There was a nice park in Denver I visited once on a river. It had a lot of nooks and crannies of gathering spots, picnic areas, etc.	6/29/2017 11:42 PM
16	A mix that would fit in the boundaries of the overall design	6/29/2017 11:28 PM
17	I would love to see boat, canoe, kayak rentals. Paddleboats. Shoreline dock walkway for walking and fishing (like the large one on Lake Crystal near N. Memorial) A rowing school? Promote healthy exercise	6/29/2017 11:05 PM
18	Public access. Canoe and kayak rental	6/29/2017 5:06 PM
19	Riverwalk for pedestrians, similar to the new feature in both Milwaukee and Chicago. Launch points for kayaks/canoes.	6/29/2017 4:17 PM
20	Paddle share site with water access for kayaks and paddleboards.	6/29/2017 11:01 AM
21	An up river kayak launch seems like a good offering but I don't think it's practical to try to restore some sort of natural setting to an area that has been industrialized for more than a century. Pavement promenades, piers, fishing decks, steps to the water, with clear pedestrian and cycling areas and connections up and down river that would connect to more natural segments, makes more sense to me for a high utilization destination.	6/28/2017 10:43 AM
22	How does this area fit into the whole upper river plan? If a large music venue is included in this development, I think you know your answer is a waterfront that can accommodate large numbers of people.	6/26/2017 3:51 PM
23	Practice gymnastics, do a cartwheel jump in the water	6/26/2017 9:07 AM
24	Growing up in Winona, I loved the fact that there are places you can pull up with your boat and have a pizza or a 12-pack brought down to you if you called ahead. I imagine the ability to launch boats as small as a kayak as well as having a proper dock where larger boats can tie up and come ashore (assuming there was something to come ashore for). If there is a way to balance this with natural experiences of the river, great. With the very industrial nature of that area now, designing a more urban experience seems more feasible than trying to restore a natural setting. Certainly, having the ability to bike along the river is a must have.	6/19/2017 8:48 PM
25	Water for swimming	6/19/2017 3:10 PM
26	Kayaks	6/19/2017 3:04 PM
27	Kayaking/canoeing. As a place for people to sit, while writing, reflecting	6/19/2017 2:58 PM
28	Suntanning, romantic walks, bike/rollerblading	6/19/2017 2:49 PM
29	Clean access	6/19/2017 2:43 PM
30	all of the above, except the promenade, unless it was part of a music destination.	6/19/2017 12:41 PM
31	To be realistic, think half green boulevards along walls and half paved to the water. In North, a natural river edge will be polluted and unsafe. We have this in N. Mississippi Regional park and between the mosquitoes and pan handlers, it doesn't work.	6/19/2017 11:19 AM

32	As rule I like natural, but this area may be better suited to a designed area because of its industrial past. Would be interesting to tie in the old with the new.	6/19/2017 9:55 AM
33	A mix of casual environment and urban edge. The riverfront is already full of "natural" environmental edging, and very few places where there is an urban edge to the water.	6/19/2017 9:22 AM
34	I'd like to see a variety of non-motorized options available for check-out (leave a deposit that is refunded or state id card).	6/16/2017 11:23 AM
35	This a river not a lake. I see limited use for people to get into or out of the water perhaps canoe Kayake launch I envision a strip of land next to the river to walk bike etc. with a casual environment I don't see a space for large groups of people to gather A boat dock for people to park their boats for the season with small scale retail to support the families park their boats	6/15/2017 6:46 PM
36	See previous answer.	6/15/2017 4:37 PM
37	From Dowling to about 36th, I think a promenade would be nice ~ it would encourage people to move in all directions in the area around the amphitheater. From 36th to Lowry, narrow the walk a bit and have a natural edge. From Dowling to North Mississippi Regional Park, paths similar to what's already in the park would integrate the two. I'd to see the city acquire the entire riverfront (just 50' - 100' width) and have paths enabling people to walk or bike the riverfront from one end of the city to another. The picnic areas along West River Road are another nice way to bring people to the water.	6/15/2017 10:49 AM

Q10 What balance of "natural" or "designed" water front areas would you prefer? A natural area tends to support more individual experiences, while a designed waterfront may accommodate use by more people and larger groups.

Answered: 29 Skipped: 11

#	Responses	Date
1	60% natural 40% designed	7/21/2017 12:19 PM
2	Whatever will work - designed will bring more people to the river - but not over built - You do need pockets or a decent size area for that natural feel that we ar close to nature	7/15/2017 9:02 AM
3	70/30 in favor of natural waterfront areas.	7/14/2017 1:37 PM
4	Waterfront access in a mainly natural environment	7/11/2017 4:44 PM
5	This area should be more "designed". NMRP is the one that should have the "natural areas". The city should also either purchase or acquire a strip along the river that would connect this new area to the existing NMRP so people can flow between the two.	7/4/2017 1:04 PM
6	How about designed to perform in an ecologically-beneficial manner? Why even bother with the word 'natural' when we can design something better? To take your question in the spirit in which it was asked, though -- maintain an even balance over time as more and more people A) move to the area, and B) are able to access the waterfront. Initially more 'natural' (lots of remediation to do, I'd imagine), transitioning toward 'designed' as it becomes integrated into the life of the city.	7/2/2017 1:26 AM
7	Smaller natural areas close to amenities to the designed areas. More designed than natural though.	7/1/2017 5:11 PM
8	We do not need luxury, we need functional, safe and usable space which does not involve hordes of people.	7/1/2017 9:20 AM
9	I personally prefer natural, but would be supportive of something well-designed that would create pride and attract tourists. I don't think people recognize how wonderful it is to live near the Mississippi. Something that shows the local support for the arts would be welcomed. Including students from Perpich Center for the Arts and MCAD in the creation would be great. Showcasing the beauty of appropriate and sustainable landscaping along the river would also be great. Involving the Arboretum for that would make me proud.	6/30/2017 12:56 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

10	It would be nice to see a mixture if possible of natural and designed with the ability to expand it if use increases.	6/30/2017 12:41 PM
11	Mix and match, it doesn't have to be all the same along the entire development. Perhaps the northern section is more natural, while near the proposed music venue is a designed portion allowing more people to gather.	6/30/2017 10:10 AM
12	a good balance, as long as there is access to put boats into water would be good.	6/30/2017 12:00 AM
13	Designed would be great but there should be waterfront activities - fishing areas, boating areas, etc. similar to hidden falls area	6/29/2017 11:42 PM
14	I think it will depend a lot on other development issues.	6/29/2017 11:28 PM
15	Multiple picnic areas, for large or more private groups	6/29/2017 11:05 PM
16	Designed	6/29/2017 5:06 PM
17	Look at the area east of Lake Shore Dr. in Chicago's Gold Coast. Roughly a 60/40 mix of designed features/"natural" beaches.	6/29/2017 4:17 PM
18	Balance is good - as long as there is an access point, natural water front is wonderful. It would be cool to have a stage space with designed water front buffered on either end by natural areas.	6/29/2017 11:01 AM
19	Natural elements should be included but contained. I just don't feel naturalization of the area is practical. If the area is going to support a large scale music venue, you don't want a huge crowd trampling through a restored natural setting.	6/28/2017 10:43 AM
20	I think a more designed area is probably more realistic. And I think bring more of the northside community together in the same space could be positive as well.	6/19/2017 8:48 PM
21	Both - half and half	6/19/2017 2:58 PM
22	Natural	6/19/2017 2:49 PM
23	Larger inclusive use!	6/19/2017 2:43 PM
24	primarily natural, with small areas for fishing, paddel board and kiyak launching. keep the boat launch by the Camden bridge.	6/19/2017 12:41 PM
25	Designed. We want people to want to go there and in an urban environment we need to encourage as many people as possible to use green space.	6/19/2017 11:19 AM
26	See above.	6/19/2017 9:55 AM
27	The site is huge. Do a mixture.	6/16/2017 11:23 AM
28	Natural, with just enough "design" to make it accessible. Yes, think "individual experiences." Something one or a few people would do on their own, a nice activity, not "group venue" for making money for private enterprise.	6/15/2017 4:37 PM
29	I'd like to see about half the space designed ~ kind of boardwalk like, and the other half fading from boardwalk to natural.	6/15/2017 10:49 AM

Q11 How do you want to experience the water and the river?

Answered: 35 Skipped: 5

#	Responses	Date
1	kayak and canoe access, scopes and info for bird watching from shore	7/21/2017 12:19 PM
2	It would be great to be able to get out onto the water. (Ex.boat, canoe, paddleboards)	7/15/2017 5:55 PM
3	biking along it. On a boat or kayak - Dining overlooking it. Living on it(well not a house boat - you know what I mean)	7/15/2017 9:02 AM
4	I love to walk the river and observe the wildlife. I love seeing the river in its natural state. I have canoed the river and would possibly do more of that in the future, but I would mainly like to see the wild byway aspect of the river enhanced.	7/14/2017 1:37 PM
5	Personally, in awe of its splendor.	7/13/2017 9:26 AM
6	Waterfront access in a casual environment	7/11/2017 4:44 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

7	From plentiful, affordable housing nearby to it.	7/2/2017 1:26 AM
8	See wildlife in the river. Have a healthy river.	7/1/2017 5:11 PM
9	Canoe or kayak. Place to pull up and rent. Not a dock for the motor boats on the river.	7/1/2017 9:20 AM
10	I want to be able to get out on it (even though I have some fear of the water), I want to be able to hear the water at times. Knowing some of the history of this mighty river helps me enjoy it (thank you Mill City Museum) as does understanding what's in the river. I've always found it calming and meditative to walk along it or near it. I used to love seeing the herons that would roost in the trees on an small island near the park north of this location. The trees were damaged and I don't know if the birds returned to breed or not. Would creating a small location for them be feasible or necessary?	6/30/2017 12:56 PM
11	I would be most interested in kayaking and the ability to use a power boat with access to destinations along the river. Dining, entertainment.	6/30/2017 12:41 PM
12	I want the water to be clean, the river healthy, and the access easy so I can choose my own journey.	6/30/2017 10:10 AM
13	I want to have access to put boats into the water here.	6/30/2017 12:00 AM
14	Safely and cleanly	6/29/2017 11:42 PM
15	Easily accessible in a casual manner	6/29/2017 11:28 PM
16	Multi-use: walking and biking path, boat, canoe, kayak access, docks for fishing Fishing, fishing, more fishing! Teach kids to fish....	6/29/2017 11:05 PM
17	In a canoe	6/29/2017 5:06 PM
18	Walk by it, and have it as part of the landscape during musical performances.	6/29/2017 4:17 PM
19	Kayaking primarily, retaining a view of the city.	6/29/2017 11:01 AM
20	Similar water access as designed a the new Mill Ruins design.	6/28/2017 10:43 AM
21	As many opportunities to be close or on the water.	6/26/2017 3:51 PM
22	(Star next to the sandy beach) (Star next to the trail) So we ride our bikes (Star below the pier) Starts to get in a boat	6/26/2017 9:07 AM
23	I want to bike down, eat food, drink a beer/cocktail/wine/tea/coffee, listen to music, maybe catch a dinner cruise, visit the farmers market, go fishing, see art. That's what Mpls is to me. If we can get more of that closer to the river, that is better.	6/19/2017 8:48 PM
24	Walk or bike ride	6/19/2017 3:10 PM
25	Bridge across the river	6/19/2017 3:04 PM
26	Relaxing near it and active in it	6/19/2017 2:58 PM
27	Sitting solitary and reading a good book	6/19/2017 2:49 PM
28	Activities	6/19/2017 2:43 PM
29	with out hassels,	6/19/2017 12:41 PM
30	I want to bike, walk, sit along the river. I want to canoe passed the park. I want to throw a fishing line in around sunset. I want to see a show or watch fireworks with downtown as an awesome backdrop.	6/19/2017 11:19 AM
31	Would be great for the neighborhood to have more swimming and swimming lessons for children. Paddle boarding, kayaks, canoes, ice skating, hockey, etc.	6/19/2017 9:55 AM
32	Energetic spaces for fun and quieter, natural spaces for relaxation.	6/16/2017 11:23 AM
33	In its natural state. no concrete, no large group spaces	6/15/2017 6:46 PM
34	See previous answers. I want to experience it visually and naturally, but we have such limited access in northeast Mpls to this now. Don't ruin this site completely.	6/15/2017 4:37 PM
35	Walking, eating, people watching, having a beer. If bars & microbreweries in the "zone" could sell compostable to-go cups which must be emblazoned with the park logo, purchased through city - it could increase popularity while still limiting alcohol.	6/15/2017 10:49 AM

Q12 What types of food services (from food carts to destination restaurants) do you envision here?

Answered: 34 Skipped: 6

#	Responses	Date
1	No destination restaurants. More family oriented, small, local mobile food stands or smaller ethnic food choices.	7/21/2017 12:25 PM
2	Permanent restaurant that draws a crowd similar to Sea Salt or Tin Fish in South Minneapolis along with food trucks or casual cafe with food for before and after shows.	7/15/2017 5:58 PM
3	We really need a combination to attract all types of people - definitely casual healthy cafes and definitely destination restaurants - scratch restaurants not chain (a Panera or noodles offering healthy options might be an exception). No food courts - this is not a suburban mall Food trucks are great As little cement courtyards as possible	7/15/2017 9:11 AM
4	Have you ever been to Gorky Park? Google Gorky Park and notice that there are a couple of small restaurants nestled into the park. One is adjacent to a pond, with an open patio, offering warm blankets, and hot tea on cold days, as well as good food on all days. I wouldn't prefer having a lot of trucks, but a couple might work. I think the emphasis should be on keeping the atmosphere natural. Nature should be the emphasis; the food venue should be a comfortable shawl to the experience. Quote regarding Gorky Park restaurant: "Set in a great location this relaxed cafe offering various meals and drinks has good service and an ambience where you just want to stay the whole day and gaze out at people walking past. In winter when the park is transformed into an ice skating rink, come here for a proper hot chocolate... that's right melted chocolate not cocoa with hot water. In the hot summer go for an ice tea." That being said, Gorky is a very large park and much of it is over developed. This one little venue however, does it just right. https://www.google.com/search?q=gorky+park+restaurants+moscow&source=lnms&tbm=isch&sa=X&ved=0ahUKEwiA04uVtonVAhWETSYKHWsyDiEQ_AUIBygC&biw=1198&bih=858#imgrc=aJOZakhAd8VPGM:https://www.google.com/imgres?imgurl=https%3A%2F%2Fthumb7.shutterstock.com%2Fdisplay_pic_with_logo%2F1090238%2F492020479%2Fstock-photo-idillic-lake-inside-gorky-park-in-central-moscow-russia-492020479.jpg&imgrefurl=https%3A%2F%2Fwww.shutterstock.com%2Fsearch%2Fidillic&docid=KDTEUfXdT89XdM&tbid=0OTThQvxK8FR8M%3A&vet=10ahUKEwi6-MryuInVAhVCzoMKHWGxAsAQMwgmKAAwAA..i&w=450&h=320&itg=1&bih=858&biw=1198&q=idyllic%20lake%20in%20central%20gorky%20park%2C%20moscow&ved=0ahUKEwi6-MryuInVAhVCzoMKHWGxAsAQMwgmKAAwAA&iact=mrc&uact=8	7/14/2017 1:55 PM
5	Love Cafe du Monde. .	7/13/2017 9:29 AM
6	One or two Destination restaurants Food trucks to handle the business on major occasions.	7/11/2017 4:47 PM
7	There should be a wide range of food services ranging all the way from food carts or walking vendors for events to destination restaurants. There could be space for food carts not far from river and restaurants farther back ranging from low price to "destination" types. I am not sure whether I would want food trucks. Places like Sea Salt could be near riverfront with fancy sit down white table cloth restaurants farther back.. It is important to have foods from a wide variety of cultures because the Northside and nearby areas have such diversity. Hopefully we will have some high end housing near the rear of the area behind the public areas and they could support destination restaurants as long as there are people from other areas that also come.	7/4/2017 1:27 PM
8	All of the above. A mix of price points is crucial.	7/2/2017 1:26 AM
9	Mobile food stations for events only. I want a park where i do not feel that I have to buy something to belong in the area.	7/1/2017 5:17 PM
10	Affordable for the folks in the neighborhood. Specialty restaurants using local produce. For sure, do no get rid of the Mississippi Mushroom production, but expand on the product. A mushroom restaurant. A combination of sit-down restaurants, take-out and food trucks.Fresh, healthy foods...no State Fair fried food junk foods. Ethnic foods representing the people who have lived in North Minneapolis...the diversity of the neighborhood should be represented.	7/1/2017 9:44 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

11	To match some of the industrial feel this area had, I'd like to consider using shipping containers for small food stalls. They can be built very tastefully and could have murals of historic Mississippi shipping traffic on the backs. Outdoor seating. Restaurants can be built further away from the river.	6/30/2017 1:00 PM
12	I think as a start to make a nice seating area and parking for food trucks/carts. As the venue gains popularity a space for more permanent restaurants to be built.	6/30/2017 12:43 PM
13	Whatever is chosen, there should be affordable options. Can you imagine a single mom bringing her 4 kids to the river and trying to spend \$12-15 each on a meal that won't even fill you up? (This was my experience growing up.) Food trucks are spendy, mobile food stations might make more sense as it allows you to flex the amount of space for events. Food courts and restaurants should be a part of it, but possibly a block away as to not take away from the recreation opportunities near the water.	6/30/2017 10:16 AM
14	Food trucks and mobile. We have great food in this city. Restaurants don't last forever. It would allow for more diversity of food and perhaps entice more restaurants to get in the food truck business	6/29/2017 11:44 PM
15	Definitely good truck access to keep a mix going. The more diversity in food experiences whether by cuisine or dining experience, the better the draw. It will also depend on commercial development	6/29/2017 11:32 PM
16	Would love a restaurant like Sea Salt - a destination point. Allow food truck to come in too. I'd like to see a restaurant or weekend bakery/coffee shop run by local high school kids. Hot dog stand in the summer. Offer a destination sit-down spot, and many more affordable places.	6/29/2017 11:08 PM
17	Food carts and trucks.	6/29/2017 5:07 PM
18	My preference would be a Sea Salt/Tin Fish/Sandcastle type establishment with food truck options.	6/29/2017 11:02 AM
19	I would think many types of vendors could be supported if it's a true mixed use area. One or two bricks and mortar locations should be supportable. A coffee shop and river front dining with event based food trucks and carts.	6/28/2017 10:49 AM
20	You should consult food operator experts on this. Space seems large enough to have many ranges of food options.	6/26/2017 3:54 PM
21	(Star below the food truck) (Star below the last image) Restaurants and cute lights	6/26/2017 9:08 AM
22	D. all of the above. I think there needs to be opportunity for some permanent establishments as well as space for temporary options to come in, especially during peak times.	6/19/2017 8:53 PM
23	More food trucks, they are easy to get to	6/19/2017 3:10 PM
24	Food trucks, semi-permanent, weekly and predictable	6/19/2017 3:04 PM
25	Food carts so there can be a variety of offerings	6/19/2017 2:59 PM
26	International	6/19/2017 2:44 PM
27	all of the above	6/19/2017 12:44 PM
28	CHECK: Food trucks and mobile food stations CHECK: Destination restaurants Maybe casual cafes with takeaway food counters, but I never patronize these. NO FOOD COURTS. This isn't a mall and shouldn't be.	6/19/2017 11:23 AM
29	Casual cafes and takeaway food counters with perhaps one destination restaurant.	6/19/2017 10:00 AM
30	Casual cafes with takeaway food counters!! Mobile carts are fine, but if they exist, there should be PLENTY of cafe seating. There is nothing worse than getting food and not being able to find seating. Destination restaurants could be cool, too, but cafes encourage more strolling and more activity around for an evening, vs. come-sit-leave.	6/19/2017 9:25 AM
31	Ice cream! Also, a nice year-round food destination as well as local Northside food trucks.	6/16/2017 11:26 AM
32	food to serve the people working there No destination restaurant. Its too hard to get to for a "nice" restaurant to be successful	6/15/2017 6:48 PM

33	Oh God, no food trucks. Please. Be environmentally sensitive and ban diesel food trucks entirely for this area. We have enough air pollution already here. Don't add to it. You already sound like you will be bringing in 10,000 cars on a regular basis for "concerts" and who knows what else. At most, keep food concessions small/unobtrusive. Not a food destination. Offer vegan and vegetarian food first and foremost and explain why meat production is degrading out environment. Make this an educational place. Be cutting edge and ban meat and fish eating here altogether! Make it a veg-eating incubator. Or eat what is grown on site. Keep it serene like the riverfront -- even that Silver Lake Park up north manages to have a coffee shop that is not overly intrusive. No alcohol. No brewery. You need to consider existing air pollution in this area and how this can be done to NOT contribute to the mess we already have in NE.	6/15/2017 4:50 PM
34	Food trucks (maybe weekend days only) casual cafes and two or three destination restaurants. We need destination restaurants to keep people coming in the winter. Food trucks are fun and will draw people in the day time, especially if they aren't all day - everyday. Casual places to get people to come every week instead of just special occasions. No national chains! We don't need another suburb.	6/15/2017 10:49 AM

Q13 Tell us about a waterfront eatery in the Twin Cities that you've experienced and what you did or didn't like.

Answered: 30 Skipped: 10

#	Responses	Date
1	A place like Pracna on Main is often too crowded in the summer and too dead in the winter. Bars get too rowdy and crowded when busy.	7/21/2017 12:25 PM
2	Psycho Suzis and Tin Fish-great water views and unique food	7/15/2017 5:58 PM
3	I do not like Psycho Suzies - too many people, bad food and drinks, more a loud bar than a river front experience. There are not that many water front places that come to mind The park system casual eating areas are good like Sea Salt Sea Change is good but very expensive - so a couple of those are good but need food in all price points Both northeast and the north loop have smaller non chain restaurants that would do very well on the riverfront. Also coffee shops along the trails and great food like Breaking Bread in North. In other words a variety in types of food and price points	7/15/2017 9:11 AM
4	Lake Calhoun: Too busy, to long of a wait, good food, nice comfortable setting and view if you don't mind waiting. Minnehaha Falls: They do a better job of service than Calhoun. Not sure why. Food is good in both places.	7/14/2017 1:55 PM
5	Sea Salt. Wonderful views of the natural splendor of the Falls.	7/13/2017 9:29 AM
6	Edgewater was a good old restaurant but could not keep up with the times?	7/11/2017 4:47 PM
7	Sea Salt---I like the informal atmosphere and just walking up to order. The food is not very good and they need to figure out how to handle crowds better. Pool and Yacht club---way to expensive and not even very oppen to the river Lord Fletchers-- good food, not too expensive, great access to water, very comfortable atmosphere Mai Tai---much similar to Fletchers but more popular because more affordable Jimmy Fullers River Supper Club (name was something like that)--- good atmosphere, not great food, nice site along river and windows open to river, but turned into very dangerous in parking lot and nearby River Supper club on river in Brooklyn Park area---great food for good price, right on river and well open to it, nice place to go for good decent priced dinner Psycho Suzy"s---poor food, decent price, great access to river Edgewater--good food but quite expensive (but good as a destination restaurant), not good access to river Tubbs---too far from river, decent food and decent price	7/4/2017 1:27 PM
8	I do not like the new proposed Water Works design. It is more restaurant, and revenue generator, than park... in my opinion. Sea Salt is good but it is expensive. People go to that park for Sea Salt, not really a connection to the original park.	7/1/2017 5:17 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

9	Sip Coffee Shoppe..COFFEE.simple, good food. Easy to walk to the park along the Mississippi...Veterans Park? Broadway Pizza...too pizza-y, not exactly the healthiest food, but close to the river and easy walk to watch the River Rats Water Ski Show. Psycho Suzi's...a fun destination, lovely deck...too many drunks Betty Dangers Country Club...great view of the city at night. Fun mini golf. Nicollet Island Inn...excellent food with expensive prices...special occasion, not for every day eating. Vic's...nice outdoor eating, nice to walk the river. Parking a problem...hate to pay for parking!!!	7/1/2017 9:44 AM
10	Various places in Riverplace and St. Anthony Main. I know they had rat problems. That area wasn't managed as well as it could have been. Outdoor seating is wonderful. Being able to walk along the river after dinner is perfection.	6/30/2017 1:00 PM
11	I haven't experienced much of a waterfront eatery except the deck at psycho suzies. It is nice with the river views. I think a waterfront eatery with added elevation to see more of the river would be the best.	6/30/2017 12:43 PM
12	I enjoy a few of the eateries at Harriet, Calhoun, and Nokomis because the structures and food are rarely the primary reason you are there-they only support the recreation and views that the lakes bring. Support the development, don't become it.	6/30/2017 10:16 AM
13	I've never experienced one that I didn't like, only the pricing premium that goes along with location.	6/29/2017 11:32 PM
14	Love Sea Salt, good food and beer. Enjoy the view at Psycho Suzies, but too many obnoxious drunk young folk - would limit any alcohol to only beer/wine.	6/29/2017 11:08 PM
15	Aster Cafe has the best atmosphere in the area because of the charming brick streets, green patio, and views of the skyline. Extremely walkable and human-scaled.	6/29/2017 4:19 PM
16	Sea Salt/Tin Fish/Sandcastle are all terrific.	6/29/2017 11:02 AM
17	Tin Fish is a good model, though a full service experience would be preferable if deemed practical. Psycho Suzi's deck on the river is terrific.	6/28/2017 10:49 AM
18	Sand Castle, literally on the shore of Lake Nokomis. Quality food is always a draw.	6/26/2017 3:54 PM
19	Only Mpls experience I can think of is Psycho Suzi's, sitting on the patio eating and drinking. Summer is supposed to be enjoyed near the water. Obviously, the kitschy-ness is a matter of taste. I have more memorable experiences farther south along Hwy 61 in Wabasha or Pepin. Watching the sun set over the water, or a tugboat with barges pass, or eagles in the air.	6/19/2017 8:53 PM
20	I have not eaten at one yet	6/19/2017 3:10 PM
21	Tin Fish near Calhoun, I like how well it blends with the water	6/19/2017 2:59 PM
22	Outdoor patio!!	6/19/2017 2:49 PM
23	NA	6/19/2017 2:44 PM
24	a restraunt should have a view of the water(Syco Susies)	6/19/2017 12:44 PM
25	Psycho Suzies has an amazing patio and you can even tie your boat up to their dock and patronize the establishment. The St. Anthony Main waterfront has many fun places along the water, but there is more potential here as St. Anthony Main is grown up and well above the waterfront. P.S. St. Anthony Main could use a little (a lot) pruning.	6/19/2017 11:23 AM
26	I enjoy the eateries at Minnehaha Falls, Calhoun and Lake Harriet, but I'd love to see something more upscale on the river. A place to take visitors and show them the Mississippi, without standing in line.	6/19/2017 10:00 AM
27	There aren't enough! Psycho suzi's has a great waterfront patio, but overpriced and not great food. Lord Fletchers on minnetonka is great, but always packed -- need more casual/takeaway options too where seating isn't at such a premium.	6/19/2017 9:25 AM
28	Aster Cafe - love the happy hour deals (food and drink), outdoor dining, beautiful view, historic feel, etc.	6/16/2017 11:26 AM

29	Confined to downtown area -- Nicollet Island Inn has somewhat nice view of river but blew it by exorbitantly high prices and mediocre mainstream boring food. Again, confined to downtown area -- Tugg's, Aster, Pracna, Wilde Roast, etc work -- but NOT in this UH area of green space. You expect that activity and hub-bub at Riverplace/St. Anthony Main area, but not up here. Don't do that here. It would be overkill. Best waterfront eatery is a picnic along the riverfront among greenery and listening to the falls or the river rushing by, seeing some wildlife or maybe some humans going by in boats. Need to see the water. Set up some nice picnic area. Don't make elder walk a mile to them.	6/15/2017 4:50 PM
30	Psycho Suzi's has the best deck ever. We really need another restaurant right on the river, their food is mediocre and the drinks overpriced yet they are always crowded, because they're fun and have that deck. Pracna on Main ~ lovely view but it took up the whole sidewalk and always makes me feel in the way. The trees were a great touch, we should definitely plant trees. I wish there were some existing trees. Not being elevated was neat, the sidewalk cafe feel is great, there just needed to be sidewalk around the dining area. Everywhere I've ever been that had big windows facing the water (Wayzata, Duluth, Delaware, Maine, Florida) is a hit. There could even be a place on the hill, atop the parking ramp, that overlooks the river and the whole complex.	6/15/2017 10:49 AM

Q14 What types of markets do you envision here?

Answered: 33 Skipped: 7

#	Responses	Date
1	How about a flea market destination, which we don't really have anywhere now in the City, maybe with food trucks/small food stands like those at the Minneapolis Farmer's/Mill City/Midtown Markets? A lot of people go to those markets just to eat something and be outside.	7/21/2017 12:33 PM
2	Seasonal indoor/outdoor market or pop-up markets.	7/15/2017 6:00 PM
3	All of the above - Year round markets with changing vendors and products - although there could be a handful of permanent vendors and products	7/15/2017 9:15 AM
4	Very small or none. Temporary pop-up markets, a few days a week.	7/14/2017 1:59 PM
5	Seasonal markets	7/13/2017 9:31 AM
6	Temporary pop-up markets	7/11/2017 4:49 PM
7	It would be good to have permanent and consistent vendors because that would attract regular visits from people all over the Twin Cities. It would also be good to have some changing vendor and product to add variety and they could also be tied into theme festivals etc some of the time.. Maybe pop-ups would be good too go along with the more permanent (which keeps people coming)	7/4/2017 1:45 PM
8	All of the above.	7/2/2017 1:26 AM
9	Permanent structures that are flexible. Consider moving the main Minneapolis farmers market to that sight. The current sight is not beautiful and the land has better use for development.	7/1/2017 5:23 PM
10	A market where parking is easy and FREE. Year round markets with more permanent vendors and consistent products. I love the Minneapolis Farmers Market, but it is too seasonal. Mill City Market is okay, but parking is challenging.	7/1/2017 9:53 AM
11	Seasonal indoor/outdoor markets with permanent infrastructure Again, I think shipping containers could be used. Or something that feels like barge traffic that continues to move. Changing vendors, but with permanent infrastructure, seems most similar to barge traffic.	6/30/2017 1:06 PM
12	Seasonal markets would make the most sense to me. Farmers markets in summer, spring, and fall. Holiday markets in the winter.	6/30/2017 12:48 PM
13	Knowing how tough it is to get fresh food in N. Mpls, I would support anything that consistently brings fresh and affordable food to those residents on a year-round basis.	6/30/2017 10:21 AM
14	-Farmers markets -Artists markets, such as during art whirl	6/30/2017 12:01 AM
15	Temporary pop ups	6/29/2017 11:45 PM
16	The north side is a bit of a market desert. Anything that can bring the community choice asking with the destination.	6/29/2017 11:34 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

17	Local artists, farmer's market, Christmas market, pop-up antique or French market	6/29/2017 11:11 PM
18	Seasonal with permanent infrastructure. Like the river market in Kansas City, Missouri.	6/29/2017 5:08 PM
19	Fantasic, a farmers market would be terrific	6/29/2017 11:06 AM
20	Not sure what the market would support. If plans included a permanent open air market space, some sort of planning for it's use off season would be necessary. I'm not sure what that would be.	6/28/2017 11:02 AM
21	Again consult local food and market experts.	6/26/2017 3:59 PM
22	Farmers markets and art markets. Maybe moving the Camden Farmers Market east and expanding it? Local producers.	6/19/2017 9:01 PM
23	More fresh veggies/fruit	6/19/2017 3:10 PM
24	Ideal: Indoor, year around farmers market (aka Quebec City)	6/19/2017 3:08 PM
25	Farmers	6/19/2017 3:00 PM
26	Multicultural	6/19/2017 2:45 PM
27	think, downtown farmers market, with an all round year building. NOT a Cub foods.	6/19/2017 12:50 PM
28	I would love to see year round markets with changing vendors and products, but I think that is too ambitious for this site. Seasonal indoor/outdoor markets with permanent infrastructure would give us excellent platform for farmers markets and events without pigeonholing the site.	6/19/2017 11:29 AM
29	LOVE food markets! We visit them in every new city we go to. Year round market with permanent infrastructure would be great. Perhaps a smaller indoor area for the winter time but a nice covered outdoor area for spring - fall.	6/19/2017 10:04 AM
30	I like the permanent infracstructure. But not sure I care if changing vendors or not. Indoor/outdoo would be more "fun" than all indoor.	6/19/2017 9:26 AM
31	I love picts 2 & 4. 1 is good, but we already have a huge saturation of these types of markets in Mpls and the Twin Cities. Do something unique on this site.	6/16/2017 11:37 AM
32	Nice idea, but I thought plan was for market at Scherer, aka NE Farmers Market. Don't duplicate it here and siphon off customers. This would only make both weaker. But it is the only bright spot idea you have suggested so far?	6/15/2017 4:58 PM
33	Temporary pop-ups ~ rotating themes,i.e. farmer's market Monday, crafts on Wednesday, flea market on Saturday. The closest flea market is Medina, on Sundays. A flea market one Saturday a month could be a big draw. Permanently, I think specialty stores like jewelry, an artist cooperative, craft brewing supply would be a draw. Also, a drive-thru coffee shop. People sometimes get off the freeway at Dowling and take Washington because of traffic, if they could grab coffee, they would notice that nifty riverwalk and hopefully come another time just to enjoy it. Also, those of us who work in the neighborhood need more caffeine.	6/15/2017 10:53 AM

Q15 Is there a market that you already go to often? What do you like about the market?

Answered: 24 Skipped: 16

#	Responses	Date
1	Midtown most Sat mornings and Minneapolis a few times a summer early before it gets too crowded. I don't like the crowds at the big market. I like Midtown b/c it's close to home and small.	7/21/2017 12:33 PM
2	Lyndale farmers market and Mid-town global market-I like the diversity of items offered.	7/15/2017 6:00 PM
3	Farmers market - I like the small farm vendors and the excitement of the place in the summer - I also like the Mill City organic market - I like the non-food vendors and the location on the river	7/15/2017 9:15 AM
4	There are markets that I go to, but I would not want them along the river. I go to them for the purpose of shopping. I wouldn't go to the river for that purpose.	7/14/2017 1:59 PM
5	Farmers Market on Lyndale. Has a lot of variety and good quality. You can pretty much rely on what you buy.	7/4/2017 1:45 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

6	Northeast Minneapolis Farmers Market. It is local, fresh food. Easy access.	7/1/2017 5:23 PM
7	Minneapolis Farmers Market. Broadway Farmers Market. Market at the Goddess of Glass...44nd and Penn? Love the fresh, local produce.	7/1/2017 9:53 AM
8	Marketfest in White Bear Lake: it changes every Thursday in terms of booths, but I can rely on a few vendors to always anchor it. I miss going to the Mpls Farmer's Market, but it's too far away now.	6/30/2017 1:06 PM
9	Minneapolis farmers market. Like the size and variety of products. Parking still an issue.	6/30/2017 12:48 PM
10	I'm at the midtown market on a monthly basis and see that as something too replicate. The amount of women and immigrants succeeding there make me much more likely to visit than another Blue Plate restaurant.	6/30/2017 10:21 AM
11	Midtown global. Very diverse, lots of great food and things to buy.	6/29/2017 11:45 PM
12	all of the above - love talking to local vendors	6/29/2017 11:11 PM
13	HyVee. We are exciting to visit North Market Coop by the Webber library and the new HyVee in Robbinsdale once their complete. We frequent the Northeast farmers market for the variety of vendors and food trucks.	6/29/2017 11:06 AM
14	I have gone to the Farmers Market downtown when it has been on Nicollet during the summer, and will again with the Mall is finished. I have concerns about overall traffic management at the UHT for music events and I have the same concerns for this use as well.	6/28/2017 11:02 AM
15	Mill City - quality/variety of products, atmosphere Linden Hills - same as above, plus the fact that its a bit smaller Northeast - It's reasonably close and has decent quality/variety	6/19/2017 9:01 PM
16	Not at the moment	6/19/2017 3:10 PM
17	Midtown, Kingfield, NE farmers markets. Good selection of veggies/fruits, has a good/unique "vibe" or feel, and easy bike access.	6/19/2017 3:08 PM
18	Global midtown	6/19/2017 2:45 PM
19	down town farmers market, direct access to food.	6/19/2017 12:50 PM
20	Camden farmers market. Sadly there are only a couple vendors, but we're in a food desert up here. There are no other places to go.	6/19/2017 11:29 AM
21	Farmers market on Lyndale and Glenwood area. Great choices of food and fun atmosphere.	6/19/2017 10:04 AM
22	Please emulate markets in other cities (instead of what's already here). Lots of cool indoor/outdoor markets in other cities.	6/19/2017 9:26 AM
23	NE Farmers Market's Winter Market. I also like Audubon Farmers Market for summer since I would rather shop on a weekday.	6/15/2017 4:58 PM
24	Can we get a co-op? Please? Pretty please? Both Seward & East Side have great new set-ups. Something like that would be awesome.	6/15/2017 10:53 AM

Q16 What kinds of attractions would bring you to the Upper Harbor Terminal most often and how often do you think you would come? (Consider the topics above, but feel free to add others.)

Answered: 30 Skipped: 10

#	Responses	Date
1	group exercise classes, ethnic food choices, flea market, music, lectures	7/21/2017 12:33 PM
2	Restaurant and Breweries as well as river access would bring me their the most. I can see myself going 2-3 times a month.	7/15/2017 6:00 PM
3	Bike trails, Marina , good restaurants and concerts - I would come a couple of times a week at least in the summer	7/15/2017 9:15 AM

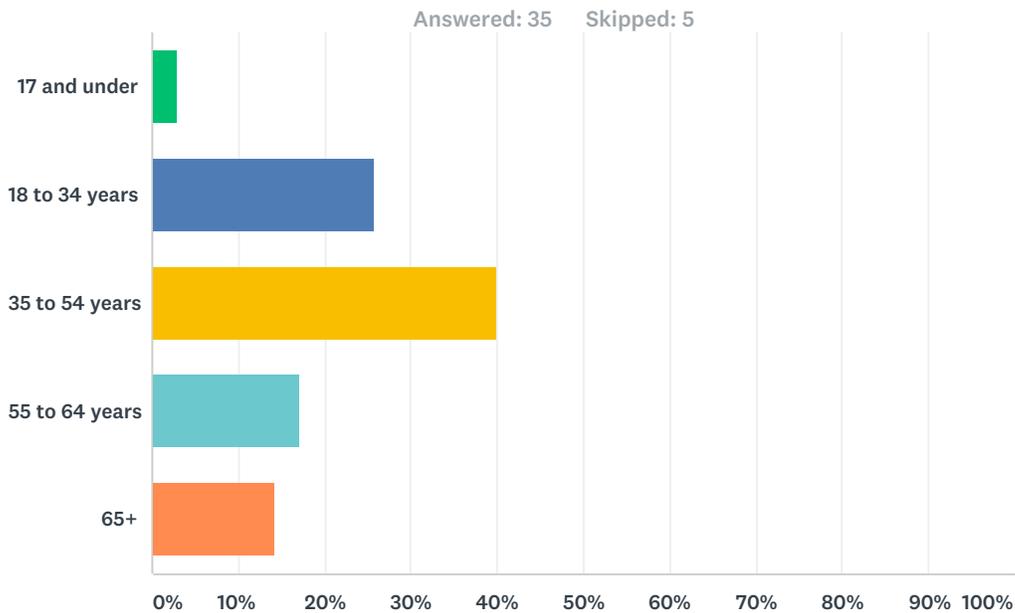

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

4	I would not want to see this section of the river become a major entertainment venue location. Small summer concerts, ice skating in the winter, a safe, clean, natural place for children and their families, affordable to all people - that is what I would like.	7/14/2017 1:59 PM
5	Walks in the Park along the river. Nature in the urban area,	7/13/2017 9:31 AM
6	Natural shows and how to get along with Nature tutorials.	7/11/2017 4:49 PM
7	A good market that has a lot of things and variety. I like Lexington Market in Baltimore. Eastern Market in DC is an example of too little. Seattle's Pike Street market is good for variety but too big and too touristy. We should have all the city festivals there, including theme ones such as jazz or country or other music; ethnic and cultural ones. Concerts every night (almost all free).. There are all types of get togethers for wide ranges of people (such examples as Star Trekers, robotics, the possibilities are endless). Some would attract me and other s wouldn't. And it would be other things that would attract others and not me. I would go 1 to 3 times a week depending on the attractiveness of what was going on	7/4/2017 1:45 PM
8	If it was a running/cycling trail, I would use it monthly, year round. I think a summer outdoor venue for music would be nice and would guess I would attend 2 concerts per year.	7/1/2017 5:23 PM
9	Market? At least once a week. Entertainment...depends on the price. If entertainment were Free, I would be there a lot. We go to the Harriet Band Shell often during the summer although it is not in our neighborhood. We are at all of the entertainment on Victory Memorial Drive when ever possible.	7/1/2017 9:53 AM
10	Art, kites, gardens, trails, food.	6/30/2017 1:06 PM
11	Concerts if amphitheater is there. Also events such as beer tasting, wine tasting, flea markets, food truck events. I would come once per week in the spring, summer and fall.	6/30/2017 12:48 PM
12	Public art displays, cool playground equipment, east transit access, canoe/kayak rentals, special events like city-wide composting kick off parties, or a city-sponsored treasure hunt.	6/30/2017 10:21 AM
13	This would make a good space close to NE to have beer events such as beer dabbler.	6/30/2017 12:01 AM
14	Festivals, music events, theater, outdoor movies	6/29/2017 11:45 PM
15	All off these ideas would create a draw.	6/29/2017 11:34 PM
16	Being able to be on the river - restaurant would be #1 choice, boat rental #2	6/29/2017 11:11 PM
17	Proper biking and pedestrian infrastructure.	6/29/2017 4:20 PM
18	Playground, music/theatre/movies in the park. A ballfield would be a nice option. We would probably be in the 1/month ballpark given our proximity to Theo Wirth and Webber. A bike path along Dowling would make it more accessible. Also this is a amazing - super excited - thanks for the survey!	6/29/2017 11:06 AM
19	Art Fairs, maybe a farmers market, musical offerings, and, most particularly, bicycle connections to regional trails and to downtown. I'd love to bike to UHT, grab lunch or coffee on a Saturday, and head out on a bike ride to Minnehaha Falls along a unified river parkway, or grab a cup of coffee on a Monday morning as I begin my bike commute to work downtown.	6/28/2017 11:02 AM
20	A LARGE regional skatepark. Skateboarding would bring multigenerational group of users that would keep the space active and used year-round if skatepark was incorporated into covered dome structures.	6/26/2017 3:59 PM
21	Music - depending on price weekly Farmers market - weekly Art/craft market - couple times/year Food/drink events - multiple times/year	6/19/2017 9:01 PM
22	2 times a month if possible	6/19/2017 3:10 PM
23	If its a great farmers market, then weekly really. New markets hopefully won't pull people away from existing markets	6/19/2017 3:08 PM
24	Weekly	6/19/2017 3:00 PM
25	all kinds(except Rap and Hip-Hop), weekly	6/19/2017 12:50 PM
26	Number one: It has to be a badass park. A big park. Number two: An outdoor venue and food truck access is paramount. Number three (and probably number 1.5 really,) It has to connect to the Grand Rounds or other bike trails. It is critical that you can EASILY bike and drive to/from Northeast and Downtown.	6/19/2017 11:29 AM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

27	Restaurants, bike paths, music, and a farmers market would bring me to the Upper Harbor roughly 4 to 5 times a month in the summer and 1-2 times a month in the winter.	6/19/2017 10:04 AM
28	Movies in the park, concerts, restaurant, giant games (e.g. capture the flag), cooking classes, pottery like in Powderhorn, etc.	6/16/2017 11:37 AM
29	Depends on what you offer, as outlined in previous offers. If you make it more green/natural/rivercentric and less concert venue, I would use it often since it would be close and easily accessible from my house. If concert venue, probably would never go due to costs - and I don't like First Avenue's typical offerings or audiences. Would prefer jazz, for starters. I would pay for river access like a boat ride, kayak rental for novices, Wilderness Inquiry type of outing. Also would need to keep parking cost cheap or zero. Paying for parking at public parks is offputting. Charge nonresidents for it or more than you charge residents. Seems only fair.	6/15/2017 4:58 PM
30	If there were grocer, with easy parking, great produce, and smallish ~ think co-op or the downtown Whole Foods, not Cub ~ I'd be there every week. And that could pull commuters off the freeway. Fun, boutique shops, where I can buy handmade earrings, fancy stationery, unusual gifts ~ probably three or four times a year. An actual bookstore ~ maybe including used books and a donation box where anyone drop-off donations or help themselves so people without money, especially kids, could get a book ~ probably monthly, A good doughnut shop, at least weekly.	6/15/2017 10:53 AM

Q22 What makes you interested in the Upper Harbor Terminal?

Answered: 33 Skipped: 7

#	Responses	Date
1	because I grew up near there and I was just there to tour the mushroom farm	7/21/2017 12:34 PM
2	In my neighborhood	7/15/2017 6:01 PM

June 2017 - Upper Harbor Terminal Destinations and Public Spaces Survey

3	I live close to it in North. I want to clean up the riverbanks and remove the heavy industry, increase the housing opportunities along the river, bring a vibrant riverfront to be enjoyed by many not a dead at night business park, a destination riverfront that brings people in from all over could greatly benefit the people of North,	7/15/2017 9:19 AM
4	It is my community. I'm interested in returning it to a natural place, and a place for the people - the commons.	7/14/2017 2:00 PM
5	Have fought the Kondirator, Participated in clean ups. Realize that that river runs through our veins, is a source of drinking water for many and	7/13/2017 9:34 AM
6	Lover of nature	7/11/2017 4:50 PM
7	North Minneapolis has always been treated oorly by the city government and almost never received any attractive development. This is a chance for the city to finally give attractive development to the Northside. It would be great to be able to go to things on the Northside and not have to go everywhere else in the metro. It would also bring others to the Northside, which in turn would help revitalize the Northside	7/4/2017 1:50 PM
8	Architect, designer, researched waterfronts in the past, followed the RiverFirst plan from the competition stage, glad to see it being carried out.	7/2/2017 1:27 AM
9	Above the falls river resident	7/1/2017 5:24 PM
10	Close proximity to location	7/1/2017 9:54 AM
11	Old stompng grounds; love the river	6/30/2017 1:06 PM
12	I love the waterways and the Mississippi is one of the most famous in the United States. The history of trade and business along the river has always interested me. Great to see the city preserving the heritage while making it a new venue.	6/30/2017 12:50 PM
13	Limited opportunities to redevelop portions of the river, let's do this right.	6/30/2017 10:22 AM
14	This is a new park going in relatively close to my newly purchased home.	6/30/2017 12:02 AM
15	It's close to my home and would make a great new area for community engagement	6/29/2017 11:46 PM
16	A unique opportunity to completely change the character of a community	6/29/2017 11:36 PM
17	great location, close to Mpls, the river!	6/29/2017 11:12 PM
18	It sounds like a good idea.	6/29/2017 5:09 PM
19	Promixity and it's a park along the Mississippi - Mpls Parks are the best!	6/29/2017 11:06 AM
20	The historic oportunity to create a destination park close to my home in a historically underserved part of the city. Creation of public connections to the riverfront, creation of natural connections of North Minneapolis to the river and to downtown along the river corridor.	6/28/2017 11:06 AM
21	Hoping tax resources used in community spaces that are truly used 24/7.	6/26/2017 4:01 PM
22	It's just down the road	6/19/2017 9:02 PM
23	I never knew it was there	6/19/2017 3:10 PM
24	Live nearby, want more access/parks/affordable housing on north side	6/19/2017 3:09 PM
25	Bike ride-able	6/19/2017 2:50 PM
26	Water	6/19/2017 2:46 PM
27	I live on the northside and we need help.	6/19/2017 11:30 AM
28	Park supporter	6/19/2017 10:05 AM
29	Need more urban attractions. Need more CONDOS and multi-family residential options close to the city.	6/19/2017 9:27 AM
30	New big park near my house	6/16/2017 11:38 AM
31	jobs for North Minneapolis	6/15/2017 6:49 PM
32	I am a taxpayer and resident in a congested city that needs quiet green/nature space as respite.	6/15/2017 4:59 PM
33	I live and work in 55412. Also, it's an awesome river and I hate how industrialized it is around here.	6/15/2017 10:55 AM
