

## Spectrum of Specificity

(Lighter color are more "dynamic" spaces that requires heavier programming to achieve activities, darker color designates spaces that accomplish the activities themselves with little additional programming)

Space	Description
Open Field	Grass, variety of size options, no defined sport markings
Paths	Asphalt or concrete pathways, variety of widths
Hardscape Plaza/Patio spaces	Open 'hardscape' spaces for gathering, could contain permanent or movable seating, planters.
Picnic Areas (Grass, Trees, Tables)	Open spaces that may/may not have hardscape spaces. Could include tables, grills or picnic shelters
Covered Shelters	Free standing or next to building.
Terraced Seating Area	Grass, hard surface or combination.
Overlooks/Seating Areas	Spaces specifically designed for sitting and/or viewing water, nature or activities within the park
Docks	Provide access to the water for views, education, fishing or boatings
Skatable Plaza	Hardscape Plaza/patio space that includes skatable features
Indoor "open" space	Climate controlled space inside a building that could be used as a "multi-purpose" room. Size may vary but typically larger than classroom but smaller than a "gym"
Indoor "classroom" space	Climate controlled space inside a building that could be used for meetings/classes. Size may vary but typically between 400-100 sq. ft.
Outdoor "classroom" space	Space that would be at least partially covered and designed to accommodate different classes/programming. May include more robust features like sinks, storage, etc. or could be simple outdoor seating spaces.
Hard Surface Areas Accessible to vehicles	Space that accommodate parked vehicles. Could vary from 'parkable lawn' space to more a more typical parking lot.
Nature Playground	Playground space(s) using natural materials
Food Truck/Vendors Spaces	Spaces specifically designated for vendors or food trucks.
Outdoor "interperative" space	An outside space that could accommodate both general and specific interperative exhibits. These could be temporary or permanent exhibits.
Native Plantings	
Community Gardens	Gardens open to the public for education + gardening.
Sculpture Garden	Maintained space with sculptural art elements. Could include other features like gardens, open areas, performance spaces, etc.
Outdoor Art Space	Spaces designated for showing and creating art. Could include both "dynamic" or static mural spaces, performance art spaces, etc.
Traditional Playground	Playground space(s) using more typical playground materials
Bike/Boat Shop	A designated indoor space(s) for the repair, maintenance, rental and/or purchase of bikes or boats.
SkatePark	Space exclusively used for skateboarding and watching skateboarding
Basketball Court	Hard surface court with lines/hoops for basketball
